# Knect Assemblies Ltd

## Connectivity

Knect Assemblies Limited are pleased to offer a comprehensive range of circular connectivity options including M8, M12 & 7/8", A and B-Code Receptacles and Moulded Connectors and additional Accessories.

A range of mounting threads are available along with three material types: Brass with Nickel or Zinc Plating, Stainless Steel and Delrin.

A full in house design facility is available for custom applications.

An efficient manufacturing cycle with a turnaround that can be measured in days not months.

We are ISO9001:2008 accredited for the Design, Manufacture and Supply of Connector Assemblies and Engineered Products.

## Manufactured in the UK

### M8—Standard Connector

SRM12P24CXXXB  
A Coded M8 Male &  
Female PVC Brass  
3,4,5 Pole Version  
Brass with Nickel Plating  
Options: Delrin, S.Steel

### M12—Standard Connector

SRM12P29CXXXB  
A Coded M12 Male PG9 PVC Brass  
3,4,5 Pole Version  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

### M12—Standard Connector

SRM12P23CXXXB  
A Coded M12 Male M14 PVC Brass  
3,4,5 Pole Version  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

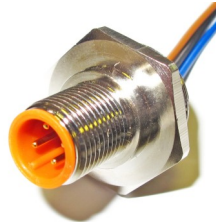

### M12—Standard Connector

SRM12P39CXXXB  
B Coded M12 Male PG9 PVC Brass  
3,4,5 Pole Version  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

### M12—Standard Connector

SRM12P2ACXXXB  
A Coded M12 Male M20 PVC Brass  
3,4,5 Pole Version  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

### M12—Standard Connector

SRM12P2DCXXXB  
A Coded M12 Male PG9 Panel  
Mount PVC Brass  
3,4,5 Pole Version  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

### M12—Standard Connector

SRM12P20CXXXB  
A Coded M12 Female PG9 & M14  
back thread, PVC Brass  
3,4,5 Pole Version  
Brass with Nickel Plating  
Options: Delrin, Stainless Steel

### M12—Standard Connector

SRM12829CXXXB  
A Coded M12 8 Pole Male M14 PVC  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

### M12—Standard Connector

SRM1282DCXXXB

A Coded M12 8 pole Male PG9  
Panel Mount PVC Brass  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

### Custom Made Connector

A Coded M12 PCB Mount

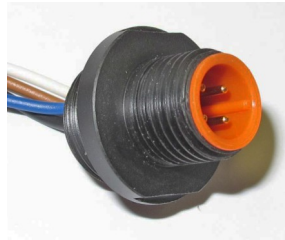

3,4,5 Pole Version  
Options:  
Delrin, Stainless Steel

### Custom Made Connector

A Coded M12 Male PG7  
PVC Delrin

3,4,5 Pole Version  
Options:  
Brass, Stainless Steel

### Custom Made Connector

A Code Square Flange

3,4,5 Pole Version  
Brass with Nickel Plating  
Options:  
Delrin, Stainless Steel

### 7/8" - Moulded Connector

A Coded 7/8 Male and Fe-  
male.  
3,4,5,16 Pole Versions.  
Options: PUR, PVC cable.

### 7/8" - Custom Made Connector

A Coded 7/8 Male and Female  
3,4,5,16 Pole Version  
Brass with Nickel Plating  
Options : Stainless Steel

### M12-Moulded Connector

A Coded M12 Male and  
Female.  
3,4,5,8 Pole Versions.  
Options: PUR , PVC cable.

### M8 -Moulded Connector

A Coded M8 Male and  
Female.  
3,4,5 Pole Versions.  
Options: PUR, PVC cable.

Extensive range of  
Cable Glands in metric  
And imperial sizes.  
Options: Black, Grey,  
Blue.

Blanking Plugs / Closure  
Caps  
Complete range of met-  
ric and imperial sizes  
Options: Grey, black,  
Blue

As part of our continuous product range expansion we endeavour to support customers in their product development and production. This brochure is only a small sample of the products we are able to supply. Please feel free to contact us with any potential requirements. We offer competitive pricing, efficient service and exceptional quality.
